

Summary

CSE Student | Data Science & ML Learner | Python & Analytics Enthusiast |
Research & Patent Innovator | Exploring Real-World DS Projects

Work Experience

Patent Writer

lovely professional university
Oct 2025 - Present
Engaged in patent research and drafting within the Research EduRev
Community at Lovely Professional University.

Education

B.Tech CSE

Lovely Professional University (LPU), Punjab
2025- 2029 • Intermediate • Science

12th

Green Land Day Boarding Public School
2024- 2025

10th

LADM DAV Public School, Budhlada
2022- 2023

Projects

RoboSpeaker

[Project Link](#)
It is basically my practice program after learning python and after that i have
represented it as project make it visible using github pages.

eVESTro

[Project Link](#)
eVESTro is a college event discovery and ticketing platform that helps students
find, book, and attend events across campuses in one place. From hackathons
and college fests to concerts, workshops, and sports tournaments, eVESTro
simplifies event management with seamless ticket booking, QR-based check-
ins, and organizer tools.

Achievements

Publications

I have applied for Patent title "Wearable Glove System for Translating Sign
Language into Context Aware and Emotionally Modulated speech" and it is
Published with Application Number 202511102368.

JEE MAINS

I have successfully scored 92.38%ile in JEE MAINS Examination and
specifically 97.68%ile in Maths.

Skills

- C Programming Language
- CSS
- HTML
- Research Skills
- Communication Skills
- PostgreSQL
- Python

Certificates

The Data Science
Profession – Student View

[Certificate Link](#)
In this certification i had deeply
understand the value of data
science and what is data
science.
Also get to know about some
useful tools for Data Science.

Data Analysis with R
Programming

[Certificate Link](#)
In this certification i have
learned about R programming
language and inside functions
like ggplot etc.
